

CLOUD CONNECT

Fast, simple and secure access to your Cloud Service Providers of choice.

As you commence your journey to the Cloud and develop your network transformation, Cloud Gateway's Cloud Connect makes it simple to incorporate direct network connections to your Cloud Service Provider of choice.

Cloud Gateway enables rapid and secure connectivity at the click of a button to any Cloud Service Provider of your choosing, backed by industry leading SLAs and guaranteed quality of service.

Reduced costs and administration

Remove the overheads between Cloud Service Providers and your Enterprise and let Cloud Gateway manage the end-to-end provision. Benefit from up to 60% reduction in Data egress costs.

Rapid scalability and deployment

Securely connect to your Cloud Service Providers via direct connections within minutes instead of days/weeks/months, enabling you to deploy your workloads quicker and reduce time to market.

Zero hardware appliances

Cloud Gateway is vendor agnostic, requires no dedicated hardware at site, reduces appliance sprawl and employs open standard technologies.
